Her husband, Oliver Baldwin, is the village blacksmith.

## POLITICAL TALK LIVELY AT CRUCES

The Sewer and Waterworks Bonds Ready For Signature

The office of The Herald for Las Cruces is in the Robinson Drug Store, "The Quality Store." This firm will deliver The Herald each night at the regular rate of 60 cents a month.

Las Cruces, N. M., Sept. 5.—The political situation here has become interesting and public opinion seems to center around Judge Fall to represent the new state as senator from the southern portion of the territory. Judge Fall's election would seem to be assured if nominated on the Republican ticket, as both the strength of the Republican party as well as the strong personality of the candidate will be in his favor.

Little opposition is found here to O. H. Burson, of Socorro, for governor. Chairman Burson has long been known as a war horse of the Republican party.

Several candidates for county commissioner have been proposed, among them being Jno. C. McNary, of Berino. The name of Jose R. Lucero has been mentioned as a possibility for governor, but it is hardly to be expected that Dona Ana county will be given this nomination, although as a county candidate for governor Mr. Lucero would run far in advance of his ticket.

Mr. H. Holt as state senator is a strong possibility. The good work for the upbuilding of the valley done by Mr. Holt in the past is taken as assurance of his interest in the welfare of southern New Mexico.

In county politics there seems to be little necessity for a change, except for those who are slated for higher places, and nominations will undoubtedly mean the reelection of present officials. Felipe Lucero, the sheriff, being absent in Nebraska, his friends have taken all necessary steps to secure his nomination.

The Republicans of Dona Ana county hope for representation on the supreme bench of the new state in Judge Frank W. Parker, who was appointed judge of the third judicial district by President McKinley.

**Bonds Ready.** The meeting of the board of trustees of the town of Las Cruces was adjourned from Monday to today. Bonds for sewer and waterworks are ready for signature, and the mayor has arranged to have work started on these improvements within the next 60 days.

The Water Users' association held its regular monthly meeting on Monday, attending to the routine business.

**Commissioners to Meet.** The meeting of the board of county commissioners has been called for Thursday, September 7, at which time the appointment of election officers to serve at the first state election to be held in November will be made and arrangements perfected for holding the election in Dona Ana county.

Mr. Rosenfeld has returned after a business trip to New York and Chicago.

Isidore Rosenfeld, of New York, returned with his brother and will make Las Cruces his home.

Dr. C. T. Ray, of Kirksville, Mo., has located here.

Mark Thompson and wife are visiting in El Paso, where Nicholas Galles, Mrs. Thompson's father, is receiving treatment at a local hospital.

Master Paul Stoes, son of Henry Stoes, is doing nicely after having sustained a broken arm while at play.

Oscar Lohman, Henry D. Bowman, H. B. Holt, and Isidore Armijo are in Santa Fe attending the meeting of the Republican central committee.

Judge Frank W. Parker has returned from attending supreme court at Santa Fe.

The United States land office is being moved from the present location to the Lohman corner at Griggs street and Main, as temporary quarters and the work of wrecking the old building will begin at once. It is the intention of the Las Cruces Improvement company to have the new building ready in 30 days.

R. H. Sims, register of the United States land office, has been appointed delegate to the third national conservation congress, to be held at Kansas City on the 25th of this month. He has also been appointed to attend the public lands convention to be held in Denver on the 25th. H. D. Bowman and Isidore Armijo have also been appointed as delegates to the public lands convention.

The United States recruiting office has sent three recruits to Ft. Logan, Colorado.

## Heavy Damage By Coast Storm

Photograph showing damage done by the recent Atlantic coast hurricane. The terrific force of the hurricane that swept up the coast may be seen in the above picture of a scene in Charleston, S. C. The trolley and telephone wires were blown down and formed a network above the street, on which the roof of a house caught after it had been torn from a building. Windows were broken in by the score and streets were littered with glass.

Very few of the old team have returned, as several of them graduated last year, though there are a number of promising members of the scrub team on hand in college again, and no doubt many of them will make the first team.

A social evening was spent at McFie hall, most of the time being spent in getting acquainted and in playing games.

Your presence is requested at the marriage of Miss Elizabeth Liputis to Mr. Tom Thumb, to take place at the Armory Friday, September 8, at 8:30 p. m.

**MAIL IT TO YOUR FRIEND** For 5c, at the publication office, The Herald will furnish a copy of the Advance Edition, wrapped ready for mailing, and will mail free if desired, to any address furnished by the purchaser. It will be well, at any rate, for every reader to mail his own copy after reading, to his friend "back east," the postage being 4c for each copy.

The Herald cannot deliver copies of the edition; they must be called for at the office. Only a limited number remain.

In no other way could so true and comprehensive a picture be given to one at a distance, of the tremendous onward movement in the Southwest and of its solid achievement, as by sending a copy of this edition with its 50 splendid pictures and its 75,000 words of new, original, and picturesque descriptive matter.

**Girl Babies of Sicily.** In some parts of Sicily the birth of a girl is looked upon as such a misfortune that a black flag is hung out to proclaim the sad event. Having to be supported by the family as long as girls are unmarried and being obliged to dower the bridegroom, they are looked upon as expensive luxuries. Boys, on the other hand, are very soon self supporting and when the time comes for marrying increase the family wealth by bringing home a bride and her dot. The girls live in seclusion and marry at the age of fourteen or sixteen.

**Woman's Happiness** The highest point of woman's happiness is reached only through motherhood, in the clasping of her child within her arms. Yet the mother-to-be is often fearful of nature's ordeal and shrinks from the suffering incident to its consummation. But for nature's ills and discomforts nature provides remedies, and in Mother's Friend is to be found a medicine of great value to every expectant mother. It is an oily emulsion for external application, composed of ingredients which act with beneficial and soothing effect on those portions of the system involved. It is intended to prepare the system for the crisis, and thus relieve, in great part, the suffering through which the mother usually passes. The regular
